For Students

Having a tough time on that homework problem? Get help in just a few steps:

1. Create a new help request
2. Submit either a photo of the problem, or a written description of your homework
3. Set a bid to accompany your request. Average bids are between \$3 and \$5.

For Tutors

Put your expertise to work and help students get a grip on some of those tough problems

1. Search for student requests based on what you're great at.
2. Respond directly to student requests
3. If accepted by the student, you'll be immediately connected and you can let your expertise shine

Sketch Wireframing Kit – v1.2

This is a collection of symbols and text styles for quickly mocking up web apps, created by your friends at Bohemian Coding, and released under the MIT license.

Document Structure

The document has 2 pages, as follows:

1. Welcome page (this one), with some default artboards for Responsive Web Design
2. A collection of all symbols available in the document

Symbols – Usage

Use the toolbar Symbols icon to add symbols from the predefined library to your document.

We have grouped them for your convenience, so you'll have no trouble finding the perfect symbol for your design.

Text Styles – Usage

Use the toolbar Styled Text icon to add styled text layers from the predefined library to your document.

Keep in mind that text styles are kept in sync, so the style changes you make to one text layer are propagated to all layers using that style.
